

BRICADO® ADVANCED WIPER BLADE

"Clear Vision...Safe drive"

 www.bricado.com

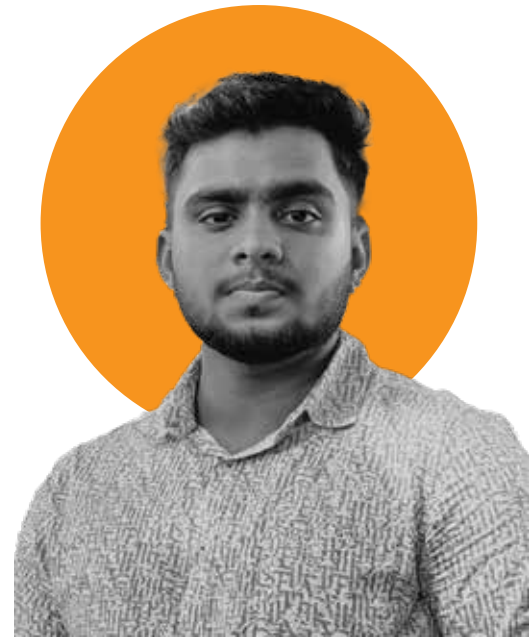

INTRODUCTION TO BRICADO

Bricado is an India-based company specializing in manufacturing high-quality wiper blades are proudly branded under Bricado .

We produce a wide range of wiper blades designed with advanced technology and durable materials to ensure superior performance in all weather conditions. With innovation and quality at our core, Bricado is committed to enhancing driving experiences and becoming a leading name in the Indian automotive accessories market.

Muhammed Safvan AK
Founder & CEO

PRODUCT OVERVIEW

- **Sleek Design :**
Low-profile aerodynamic frame reduces wind resistance for quieter and smoother operation.
- **Enhanced Visibility:**
Delivers streak-free wiping for clear and safe driving in all weather conditions.
- **Premium Materials:**
Built with durable, high-quality materials for long-lasting performance.
- **Superior Stability:**
Engineered to stay secure even during heavy rains and high speed driving.
- **Innovation at its Best:**
A perfect fusion of advanced technology and reliable craftsmanship.

Bricado Advanced Wiper Blades

- **Innovative Technology:**
Designed with advanced engineering for exceptional wiping performance.
- **Teflon Coating:**
Equipped with a premium Teflon coating for smoother, quieter, and longer-lasting operation.
- **Aerodynamic Design:**
Features a sleek, wind-resistant frame for superior stability and streak-free performance, even at high speeds.
- **All-Weather Performance:**
Reliable in rain, snow, and extreme weather conditions.

Wide Product Range

Conventional Wipers:

Classic designs for effective wiping.

Flat Wiper Blades:

Modern, low-profile wipers for enhanced style and performance.

Hybrid Wiper Blades:

A fusion of conventional and flat blade technology for superior durability and wiping efficiency.

Advanced Wiper Blades:

Cutting-edge models for next-level performance and reliability.

Premium Materials:

Built for durability and consistent functionality in all conditions.

Feature	Regular Wipers	Bricado Wipers
● Coating	No special coating; noisy and less durable.	Teflon coating for smoother, quieter operation and extended lifespan.
● Design	Basic design, prone to wind lift and inefficiency.	Aerodynamic design ensures stability and streak-free performance, even at high speeds.
● Durability	Made with low-quality materials, leading to faster wear and tear.	Premium materials ensure longer-lasting performance and reliability.
● Weather Performance	Struggles in heavy rain, snow, or extreme weather.	Performs consistently and reliably in all weather conditions.
● Value for Money	Short lifespan leads to frequent replacements.	Durable design saves time and money with fewer replacements
● Safety	Leaves patches and streaks, compromising visibility.	Ensures crystal-clear visibility for safe driving.

Why **Car Brands** Recommend?

Bricado's teflon coated wipers are engineered with cutting-edge technology, featuring Teflon coating and aerodynamic designs for superior performance. Tailored to fit a variety of vehicle models, they combine uncompromising durability with premium materials that withstand extreme conditions. Offering flawless visibility in all weather—rain, snow, or high-speed driving—they improve road safety for drivers and passengers. With a diverse range including hybrid, advanced, and conventional designs, Bricado wipers ensure universal compatibility and reliability, earning the trust of automakers and drivers alike.

OUR USP

Unique Selling Points

Teflon-coated for smooth, silent wiping.

Aerodynamic and all-weather design.

Durable, premium-quality materials.

Wide range, universal fit.

TARGET MARKET

- **Individual Owners:**
High-quality wipers for cars, SUVs, and trucks.
- **Dealerships & Service Centers:**
Bulk orders for regular customer demands.
- **Fleet Operators:**
Reliable solutions for taxis, logistics, and corporate fleets.
- **Geographical Focus:**
Urban and semi-urban areas with varied weather.
- **E-commerce:**
Convenient online availability.
- **Global Reach:**
International quality for export markets.
- **Local Outreach:**
Roadside stalls and vehicle washing areas for direct sales.

DISTRIBUTION

- **Direct Sales:**

- Roadside stalls in high-traffic areas for direct interaction.
- Park-and-sale setups in vehicle washing zones and commercial hubs.

- **Retail Channels:**

- Partnering with local automotive stores for better accessibility.
- Leveraging online platforms for seamless ordering and bulk sales.

- **Wholesale Distribution:**

- Supplying dealerships and service centers for consistent demand.
- Catering to fleet operators for large-scale needs in taxis, logistics, and corporate fleets.

- **Export:**

- Expanding globally with products tailored for diverse weather and international quality standards.

CONCLUSION

Bricado Wiper Blades stand as a symbol of innovation, quality, and reliability. With advanced technology, Teflon-coated designs, and a diverse product range, we cater to the needs of every vehicle owner. Our commitment to all-weather performance, safety, and customer satisfaction has made us a trusted name in the industry. By embracing a robust distribution network and focusing on excellence, Bricado is driving towards becoming a global leader in automotive accessories.
